	<ol style="list-style-type: none"> 3. If the child appears to have developed symptoms connected to the identified risks, a collection of current documentation must be completed by the adoptive parents and submitted for review by the Permanency Specialist. 4. The Permanency Specialist will submit a memorandum requesting active adoption assistance and supporting documentation to the Team Leader or Team Coordinator for departmental review to determine the appropriateness of initiating Adoption Assistance daily rate. 5. If a child who had a deferred agreement for Adoption Assistance becomes eligible for Adoption Assistance maintenance payment, no retroactive payments or services can be made. 6. A family, whose child is eligible for deferred adoption assistance, can request non-recurring expenses to be paid and may be eligible for TennCare based upon family income.
C. Determining Funding Source	<ol style="list-style-type: none"> 1. A child who is Title IV-E eligible in foster care can have their adoption assistance funded through Title IV-E if: <ol style="list-style-type: none"> a) The child meets the special needs criteria as outlined in Section A of this policy; b) Reasonable efforts to place the child without adoption assistance have been met. Reasonable efforts can be met when: <ul style="list-style-type: none"> ◆ The resource parents or relatives are adopting the child and they already have a significant relationship with the child and it is in the best interest to remain with the family; or ◆ A full disclosure of the child's history is presented to a new resource family, the family identifies a specific factor or condition that would prevent the adoption without adoption assistance and no other solution that would be in the child's best interest can be found. c) The child meets one of the following four criteria: <ol style="list-style-type: none"> 1) The Child Welfare Benefits Unit determined that the child was eligible for Aid to Families with Dependent Children (AFDC) at the time of removal from the home. 2) The child was eligible for SSI prior to adoption finalization 3) The child's parent is currently in foster care and is receiving Title IV-E foster care payment that covers both the child and the minor parent. 4) The child was eligible for adoption assistance through Title IV-E funding in a previous adoption. 2. Any child who is not eligible for Title IV-E funding, but was in the custody or guardianship of DCS immediately prior to the initiation of the adoption proceedings may be eligible for adoption assistance through State funding, if special needs criteria are met (Section A-2).

	A child's Adoption Assistance funding source will be determined by the completion of form CS-0821, Certification of Eligibility for Title IV-E/State Funded Adoption Assistance.
D. Adoption Assistance Request Process	<ol style="list-style-type: none"> Adoption assistance through Title IV-E funding is requested in either the state of placement or residence. When the child is placed for adoption by the state agency, adoption assistance must be requested in the state of the child's jurisdiction. Adoption assistance that is paid through state funds must be requested in the state of the child's jurisdiction. Documentation must be gathered and reviewed with the adoptive parents in order to determine the child's eligibility for Adoption Assistance. The documentation must include a statement from the child's physician or treatment professional that provides the diagnosis and prognosis and identifies any current treatment being provided, if applicable. The Permanency Specialist, with the Family Service Worker (FSW) or the Private Provider Representative gathers their initial supporting documentation. During the initial Adoption Assistance negotiation, the following information must be explained to the prospective adoptive parents: <ol style="list-style-type: none"> All known medical/psychological/psychiatric needs of the child; If the parent <i>elects</i> not to cover the child under <i>available</i> group family plan, TennCare will be the only available payment option for medically necessary expenses; Children receiving adoption assistance through the federal IV-E funding are eligible for Medicaid regardless of the state of residence; Children receiving adoption assistance through state funding will be eligible for TennCare (or successor plan rate) in Tennessee if the child has medical or rehabilitative needs. Children receiving adoption assistance through state funding may be eligible for Medicaid if residing outside Tennessee depending on the regulations of that state or if the new state of residence offers reciprocity to other ICAMA states. Adoption assistance will not pay medical, psychological, psychiatric, dental, hospitalization, residential treatment services or for medical equipment for a child who is eligible for private insurance or TennCare/Medicaid. Following the documentation review and discussion regarding the child's current status if the child meets eligibility, and if the family agrees to continue the process, they will work with the permanency specialist to complete form CS-0460, Intent to Adopt/Adoption Assistance Application. This form will solidify the family's intention to provide permanence through adoption for the child, allow them to request payment of non-recurring expenses and/or subsidy, and will inform them of the proposed adoption assistance benefits prior to the adoption finalization. If the only conditions or factor upon which a child is eligible for adoption assistance are age or minority heritage, the only payments requests

	<p>appropriate would be the regular daily payment amount and non-recurring expenses.</p> <p>10. In cases where a child's needs are beyond the scope of a regular rate, a <i>Special or Extraordinary Board Rates Request, form CS-0674</i> must also be presented with <i>form CS-0460, Intent to Adopt/Adoption Assistance Application</i>.</p> <p>11. In cases of deferred adoption assistance, the only payments requests appropriate would be for non-recurring expenses. <i>Form, CS-0460, Intent to Adopt/Adoption Assistance Application</i> would be prepared, to outline the non-recurring expense costs, but the dollar amount for the monthly amount for the adoption assistance maintenance payment will be zero, until such time that the child developed symptoms connected to the identified risk.</p> <p>12. During the adoption assistance negotiation process the adoptive parents must provide documentation specifying if private insurance is available and if the family plans to place the child on the policy. It is acceptable if the family plans to add the child to a state sponsored insurance plan (i.e. TennCare).</p>
E. Adoption Assistance Agreement	<p>1. The <u>initial</u> <i>Adoption Assistance Agreement, form CS-0513</i> must be completed without leaving blank spaces, using N/A as appropriate. It must also be reviewed, approved and signed by the Team Coordinator of the Permanency Specialist. The Permanency Specialist's Team Leader may sign all revisions or renewal/re negotiations.</p> <p>2. Services for treatment related to a diagnosis documented prior to finalization will be included in the initial agreement with a notation under cost as "TennCare (or successor plan) rate."</p> <p>3. The Permanency Specialist will review the <i>Adoption Assistance Agreement, form CS-0513</i>, with the adoptive family and secure their signature prior to finalization. The information on this form will include rates to be paid for the conditions discussed during the negotiation period and approved on <i>form CS-0460, Intent To Adopt/Adoption Assistance Application</i>.</p> <p>4. All Adoption Assistance Agreements must be completed prior to the adoption finalization. Adoption assistance payments can begin following the adoption finalization and cannot be made prior to that time. The family will receive Resource Home board payments until the finalization occurs.</p> <p>5. Adoption assistance payments are made monthly based on a daily payment amount.</p> <p>6. No adoption assistance application or agreement is valid without the appropriate DCS staff approval signature on the agreement or application.</p>
F. Payments and Services Included in Adoption Assistance	<p>1. Payments and/or services included in the Adoption Assistance Agreement will be based on the conditions that are supported by the accompanying documentation.</p> <p>2. Payments and services for Adoption Assistance Agreements signed on or after August 23, 2006, can only be made in accordance with <i>form CS-0513</i>,</p>

	<p>Adoption Assistance Agreement and DCS Policy effective at the date of its renewal/renegotiation.</p> <ol style="list-style-type: none"> 3. When the Adoption Assistance Agreement was initially approved on or after October 1, 1997, payment for medical, psychological/psychiatric, dental, hospitalization, residential treatment or medical equipment will only be made through adoption assistance when the child is ineligible for private insurance and TennCare (Medicaid). The child's ineligibility cannot be a result of the resource family's failure to make application to insure the child. 4. For Adoption Assistance Agreements initiated prior to October 1, 1997, services will be provided as outlined in the agreement, provided it is supported by the documentation submitted at renewal (see Policy 15.10, Adoption Assistance Agreements Created Prior to October 1997). 5. A statement from the treatment professional must be obtained documenting that treatment is medically necessary. 6. If the State of Tennessee has a contract with the provider for services denied by insurance but will be covered under the adoption assistance agreement, the state contracted rate will be the maximum payment. 7. If the State does not have a contract with the provider, the maximum payment for the service will be the TennCare (Medicaid) rate for that service.
<p>G. Payments and Services Not Included in Adoption Assistance</p>	<p>The following items or services cannot be considered in determining the adoption assistance rate:</p> <ol style="list-style-type: none"> 1. <p>K. Extraordinary Adoption Assistance Rates</p>	<ol style="list-style-type: none"> 1. Extraordinary Adoption Assistance Rates are reserved for children who are placed for adoption whose needs are so unique and extensive that they cannot be met at the regular or special circumstance rate. When the parent requests an increase in the adoption assistance rate, they must be informed that current medical/psychological documentation must be provided. The documentation must be reviewed to determine if the current level of assistance is still appropriate. The Central Office Review Committee is available to provide assistance in cases where the negotiations have reached an impasse at the regional level. The non-recurring expenses may include one or a combination of the following related to the finalization of the adoption: <ol style="list-style-type: none"> Attorney fees should not typically exceed \$ 1,000.00. <ul style="list-style-type: none"> ◆ (Note: This figure may vary based on the case, but the non-recurring expenses cap is fixed.) No retroactive payments of the special or extraordinary rate amounts will be made.</p> <ul style="list-style-type: none"> a) Documentation of continued eligibility is required annually for children who receive adoption assistance at any rate. The adoption assistance payments granted at the time of renewal will reflect the child's current, documented level of need. b) State funded children who continue to receive adoption assistance after 18 years of age will be reviewed on a quarterly basis. State funded children who were adopted prior to October 1, 1997 can continue to receive adoption assistance as long as they attend any accredited school full time. State funded children who were adopted after October 1, 1997 and thereafter, can receive adoption assistance as long as they are in high school full time. In both instances, school attendance has to be documented (see Criteria for Documenting Full-time School Attendance for Children 18, 19, and 20 Years of Age and form CS-0809, Verification of Full Time School Attendance).
